PRESS RELEASE

FOR IMMEDIATE RELEASE
September 19, 2017

Beginning Monday, September 25th, 2017, the Washington County Engineers Office will close 180th Street west of Juniper Avenue for the removal of a bridge and construction of a reinforced concrete box culvert. The contractor working on this project is McCulley Culvert Inc., of Barnes City, IA. The date for the contractor to begin work is subject to change depending on the weather and other factors.

The contractor's work consists of removing the existing structure and replacing it with a new reinforced concrete box culvert along with grading work to improve the slopes and ditches are the structure. The project is expected to be completed by early November, depending on weather and the contractor's schedule.

Questions pertaining to the project should be directed to the Washington County Engineer's Office at (319) 653-7731.
