PRESS RELEASE

FOR IMMEDIATE RELEASE

January 11, 2021

CLOSURE OF 192ND AND 230TH STREETS

On Tuesday, January 12, 2021, subject to weather conditions, Enterprise Products Mid-America Pipeline is planning on performing maintenance and repair work on the pipeline that cross 192nd Street approximately 0.5 miles north of 200th Street and on 230th Street just west of Redwood Avenue. This work is a part of a larger pipeline inspection and maintenance project that will require closure of portions of 192nd and 230th Streets to allow the work to proceed safely. Enterprise Products Mid-America Pipeline has been working with the Washington County Engineer's Office to coordinate this closure and minimize the impact to the traveling public. The closure is expected to last approximately five days for each project, which are expected to occur nearly simultaneously, with it ultimately being up to Enterprise Products Mid-America Pipeline as to how work proceeds. The public is urged to find alternate routes and to use caution when traveling in the area of their work.

Questions about the closure can be directed to the County Engineer's Office at (319) 653-7731.
