PRESS RELEASE

FOR IMMEDIATE RELEASE

March 7, 2024

CONSTRUCTION TO RESUME ON DOGWOOD AVE

On Monday, March 18, 2024, Dogwood Avenue will be closed to thru traffic from 295th Street north to the existing pavement, north of the railroad tracks. This closure will allow the contractor to resume working on regrading Dogwood Avenue from the river to the railroad tracks. The work at this time will involve placing fill material along the alignment for the new grade which will eventually provide a new at-grade crossing over the railroad tracks. In addition, this work will raise the elevation of Dogwood Avenue in the river bottom, helping to mitigate flooding and overtopping of the roadway. Weather permitting, the contractor anticipates completion of this phase of the project in the summer of 2024.

To sign up for notifications regarding the status of the road, you may contact the County Engineer's Office at 319-653-7731 or go to <https://www.iceasb.org/road-notifications/subscribe/>. In addition, any questions pertaining to the project should be directed to the County Engineer's Office.
